EXPLORING WISDOM – PRAYANA

Monthly Report

June 2022

Department of Social Science

The background of the entire page is a photograph of a sunset over a body of water. The sun is a bright white circle on the horizon, casting a long, shimmering reflection on the water's surface. The sky transitions from a pale blue at the top to a warm orange and yellow near the horizon. In the foreground, a glass jar lies on its side on a dark, reflective surface. The jar is filled with numerous small, warm-white LED lights that are glowing, creating a bokeh effect. The jar's reflection is visible on the surface below it.

OUR GUIDING STARS

“Teachers encourage minds to think, hands to create and hearts to love”

It is our immense pleasure and gratitude towards lord almighty for giving us an opportunity like this. Education is the most beautiful entity in the world. It unites every individual, communities and all around the world without any disparities. Teaching is a divine profession and a good teacher can mould a good community. Every education institution plays an important role in the growth of an individual. BSS B.Ed. Training College is a holy land, primarily focusing on the creation of efficient teachers with spirituality, mental and physical health, better character and all round developments.

As a part of our monthly activities of June, we present a mini monthly report SMAPPY JUNE. Every activities we are involving and important days we observe and celebrate, provide us lot of social, cultural, moral, emotional and democratic values and its helps to bring and mould better personalities. By observing these important days, people become more aware of these serious issues as well as some ideas of social evils which are practicing even now. More than it, these celebrations make us socially responsible human beings. The valuable messages from each special day helps to develop universal brotherhood, harmony, nationalistic and idealistic feeling among teaching aspirants of our institution.

Firstly we express our sincere gratitude towards our beloved principal Dr. K.S. Balambika madam for her enthusiastic support and guidance. We heartily indebted to our teachers for their proper motivation, helps, caring and supports. Unity and corporation is a strength and success of a programme. We express our sincere thanks to all our friends, parents and well-wishers for your constant support and encouragement.

Thank you all.

ACTIVITY REPORT

As a part of our B.Ed curriculum, B S S B.Ed training college giving a wonderful opportunity to the teacher trainees to celebrate the special days of every month for encouraging the active involvement of students. According to this we are celebrating the days having national and international importance. The celebration organising responsibility of each month of the academic year is given to the five optional streams of the college.

Being a part of this, social science department acquired an opportunity to catalogue and celebrates the special days of June 2022. We conducted many programmes in this month with the whole participation and the support of our beloved teachers and classmates. We the social science team members equally took an effort to beautify the events and spread love and happiness...

OUR ACHIEVEMENTS...

Celebrating each special days of a month with a lot of programmes, we had given a great opportunity to actively engage in our B.Ed curriculum at zenith level. Through organizing and conducting various activities, we the students had given a place for prove our abilities and skills. These celebrations acknowledged us about the days having national and international importance. It is a uniqueness of this stage for us, that we are going to be teachers of tomorrow and we have a great responsibility to lead a powerful generation having social and moral values.

This platform gave us an enormous energy and enthusiasm. Many of us revealed as multi-talented. This venue acts as a place for unearthing many different and unique talents of students. More than that, this platform builds up the self-confidence level of students especially of less confident pupil.

We had got a guidance to empower our leadership and organising skills. Well support and care provided by our teachers help us to freely engage with our co-curricular activities and break the shell of our comfort zone. By ensuring the active participation of each and every student, our institution getting succeeds in development of teacher trainees. While organising the various events and programmes on special days in every month nurturing the multi-talents of the students.

We got opportunities to celebrate the important occasions on both online and offline platforms. By this, we acquired the knowledge and skills about using information technology such as power point presentations, video creations etc.

We are getting ample guidance to perform and express our abilities and views socially. The events also create a co-operative social atmosphere to the teacher trainees and faculty members together.

These occasions are being foundation stones for our teaching career. These all are becoming building and strengthening experiences in our life...

THANK YOU

EXPERIENCE

The victory of an institution is vested on the performance of every individual. Likewise, the victorious performance of each individual has influenced by an inspiring atmosphere of institution. On this academic year our BSS B.Ed training college has conducted programmes from June 1st to 30. On every day's we conducted special programmes as per schedule. On those performances, we tried to make every programme better. Through our programs, a good relationship is formed between students and teachers. Our teamwork put forward so many better outcomes. Our programs help students to bring up their inner capabilities. These all students came forward to participate in the programs. This love, unity, happiness and co-operation have been developing us to understand the importance of each special day. Good discussions have been progressed into a good relationship between teachers and students. Like these programmes, many ways have been developed to improve the performance of all students
