## **Report On Black day ( 14th February 2023 )**

BSS B.Ed training college conducted a programme related to black day on 14<sup>th</sup> February 2023 as the world celebrates Valentine's Day on February 14 but this day is known as a 'black day' for India because of the brutal Pulwama attacks. It was one of the deadliest attacks on Indian security forces to date, when 40 CRPF brave hearts lost their lives.

This year we have conducted programmes such as speech, song, and skit with the coordination of all the 1<sup>st</sup> and 2<sup>nd</sup> year students and all the teachers.

We have started the Programme at 10AM till 12PM ended. Programme was started with prayer done by our prayer team. Then a speech was delivered by Revathi from social science option.

Then Principal Dr.K.S Balambika ma'am delivered few words related with the Pulwama attack. It was a condolence too.

A special programme, skit was performed by our juniors showing the love towards our army. It was really heartbroken and made tears on the eyes of audience.

At the end of the programme senior students performed a calm group song dedicating to all the army men. Every student was in a standing position and gave salute to our army symbolically. Vote of thanks was done by Aiswarya from Social science option.

We resolutely condemn the vicious terrorist attack carried out on 14/02/2019 in Pulwama of Jammu and Kashmir. On behalf of BSS B.Ed training college we would like to extend our sincere condolences to those who lost their lives and their bereaved families, and express our heartfelt sympathy to those who were injured.

Four years ago, on February 14, India was brought to a standstill of 40 CRPF officers losing their lives.

In one of the worst terror strikes, a Jaish-e-Mohammad suicide bomber rammed a vehicle full of explosives into a convoy of the Central Reserve Police Force (CRPF). What followed was a scene of the carnage wreaked by the terror attack on the afternoon of February 14, 2019.

A few days after the deadly attack on India's security forces, a counter-terror airstrike was carried out by India's defence forces. In the early hours of February 26, 2019, several Indian Air Force jets bombed the terror camps of Jaish in Balakot, killing close to 500 terrorists.

After the airstrike in Balakot, Pakistan Air Force tried to retaliate by conducting a strike on Indian military installations in Jammu and Kashmir, an attempt which was foiled by the IAF. During the conflict, India's Wing Commander Abhinandan Varthaman was shot down and captured by Pakistan's forces.

It's been 4 years since we faced the horrors of the Pulwama attack but, to this day, February 14 is still observed as a 'black day', in memory of the brave CRPF personnel who lost their lives in the attack.
