**All are welcome**

On 7th March 2023, our institution, BSS b.Ed Training College, Alathur celebrated International Womens Day and Holi, festival of Colors (08 March 2023). The ceremony started by invoking the blessings of almighty followed by a wonderful dance performance on the song 'Nagada sang dol baje' by whole students, both seniors and juniors on the ground. Then we gathered at wisdom hall and our beloved principal, Dr. K. S. Balambika mam inaugurated the celebration by presenting a shortfilm which is written, directed and acted by our seniors about dowry system. Principal mam also delivered a speech on international womens day followed by Jini mam and Meera mam.

Day***

# International PI Day

March 14 ,2023

" Pi is the key that unlocks the door to  
the universe. "

Pi Day is an annual celebration of Mathematical constant Pi. Pi Day is observed on March 14, (the third month) since 3, 1, and 4 are first significant figures of Pi. It is represented by a Greek letter. It is the ratio of the circumference of the circle to its diameter and also the value of Pi approximately equal to 3.141.....and digits goes on forever. Pi was first introduced by the famous mathematician William jjiomes. The Pi day was roconised in 1988 by the American physicst Larry Shaw. Pi day is also the birthday of sir Albert Einstein.

**WATER**  
**DAY**

# World water day

## "Accelerating the change"

This world water day is about accelerating change to solve crisis.

Water is one of the world's most precious resources, making the Earth a unique planet filled with life. It is essential for food security, nutrition, health, energy, biodiversity, the environment, and other economic activities. Water affects everyone, so we need to take action. Individuals, families, schools, and communities can make a difference by changing the way we use, consume, and manage water in our lives. The actions we take—no matter how small—can help solve the water crisis.

Play your part by doing what you can. Be the change you want to see in the world!
