Students also presented their artistic calibre for showing the great peasantry through pictures and posters with slogans for

#### **OUR ACHIEVEMENTS...**

Celebrating each special days of a month with a lot of programmes, we had given a great opportunity to actively engage in our B.Ed curriculum at zenith level. Through organizing and conducting various activities, we the students had given a place for prove our abilities and skills. These celebrations acknowledged us about the days having national and international importance. It is a uniqueness of this stage for us, that we are going to be teachers of tomorrow and we have a great responsibility to lead a powerful generation having social and moral values.

This platform gave us an enormous energy and enthusiasm. Many of us revealed as multi-talented. This venue acts as a place for unearthing many different and unique talents of students. More than that, this platform builds up the self-confidence level of students especially of less confident pupil.

We had got a guidance to empower our leadership and organising skills. Well support and care provided by our teachers help us to freely engage with our co-curricular activities and break the shell of our comfort zone. By ensuring the active participation of each and every student, our institution getting succeeds in development of teacher trainees. While organising the various events and programmes on special days in every month nurturing the multi-talents of the students.

We got opportunities to celebrate the important occasions on both online and offline platforms. By this, we acquired the knowledge and skills about using information technology such as power point presentations, video creations etc.

We are getting ample guidance to perform and express our abilities and views socially. The events also create a co-operative social atmosphere to the teacher trainees and faculty members together.

These occasions are being foundation stones for our teaching career. These all are becoming building and strengthening experiences in our life...

## **EXPERIENCES**

December 2021 was a beautiful month to .The programmes during this month was conducted by the social science option with all their diligence and potential. The month of December was our first month in college .Before that I haven't even noticed or bothered about the importance of each day. But because of the programs conducted during this month I came to know the importance and speciality of many days. And we all celebrated those together. Our friends in social science option organised each and every programme efficiently. From creating a PPT on world family day by ensuring the participation from each option to the grand Christmas celebration, their effort is worth mentioning. In my opinion they succeeded in passing the importance of each day to others and felt like they had a good coordination between them. Their team work made a beautiful month which kept us both entertaining and knowledgeable

“The more the effort the more the merrier”. This is the quote I felt while speaking about our first narrative month wholly prepared by social science department with a good leadership by Revathy. Though we were just beginners into the stream of B.Ed it doesn't affect in any of the manner the way the programmes were held. Being one among our friend she really did a good work that can be taken as a model for the next. Starting from the fresher's day to the further events that all held by program seems to be of another level and like the cherry on the top it became more fruitful with the Knot held by Revathy with her oratorical skill . Action speaks louder than words. And the words and actions are done well. Best leadership with a good attitude. Keep going. I really felt too good amazing and hope she more of it wishing good luck thank you.

The efforts put forward by social science option as a coordinator of events in the month of December 2021, was excellent. As a team, you all conducted the special day programmes wonderfully. On pollution control day and Disability day, you took all efforts to make the day more important. Also invited participations and contributions from each option. The unforgettable day was the Christmas day celebration. All programmes were done with extreme cooperation. There were no option wise programmes. You gave the opportunity to work together as B Ed student. We all celebrated as a member of this BSS family. We extremely thankful for giving us such an opportunity. Once again, we admit that your major trait is your .Thank you so much.

December, the final month of the year. It is the time of celebration and a time that shimmers with all the joyful good wishes we send to one another. Social

science option has the in charge of celebration of this last month. They have done it very beautifully and big efforts behind the entire programmes they conducted. They included all the students from all options. The mass participation had made the programme very colourful. From the beginning National pollution day.. To farmers day it was very nice and each one had get a chances to participate in the programs. Last but not least the Christmas celebration, It was wonderful No words to express my feelings and joy. It is a wonderful celebration. We all enjoyed a lot.

The victory of an institution is vested on the performance of every individual. Likewise, the victorious performance of each individual has influenced by an inspiring atmosphere of institution. On this academic year our BSS B.Ed training college has conducted programmes from December 1<sup>st</sup> to 31<sup>st</sup> December. On every day's we conducted special programmes as per schedule. On those performances, we tried to make every programme better. Through our programs, a good relationship is formed between students and teachers. Our teamwork put forward so many better outcomes. Our programs help students to bring up their inner capabilities. These all students came forward to participate in the programs. This love, unity, happiness and co-operation have been developing us to understand the importance of each special day. Good discussions have been progressed into a good relationship between teachers and students. Like these programmes, many ways have been developed to improve the performance of all students
