Green policy

A Green, clean and healthy environment aids effective learning and provides a conducive learning surrounding. Educational Institutes are becoming more sensitive to environmental factors and more efforts are being made to make them eco- friendly.

Our Institution is committed to the safe and sound environmental performance of the Institute & gives paramount importance to the sustainability right from inception of it. Our Institution has adopted cohesive planning to enable resource efficient, inclusive and sustainable approaches to enhance environmental management for improved livability, health and climate.

The Green policy emphasis on practices and methodologies pertaining to areas of significant environment concerns e.g., land, energy, waste, water, air etc.

Energy:

- Passive building design strategies of the building
- Reduce electricity consumption -Awareness should be given to the staff and students regarding the energy wastage.
- Use of energy efficient fixtures in the campus
- Renewable energy generation harnessing the sun.
- Use of solar plant for the effective use of energy

Land:

- Developing Green gardening
- Effective Land utilization
- Increasing tree density and land permeability in the campus
