Folk songs were originated from the philosophies of forefathers which was their casual talks to each other. It is deeply rooted with their lives. Most lyrics of these songs were made out of their social life. They sung only to reduce their burden and to discover the joy of life.

On December 20, 2023 as a part of "VIPASANA", the community living camp, we the students of B. S. S. B.Ed Training College we had a session of Nandanpattu full of folk songs by Nath creations. It filled the camp with joy and musical fun. Our principal ma'am Dr. K S Balambika inaugurated the session by delivering a welcome address to the artists. Later the session was handed over to the artists. They performed many folk songs with a full orchestra. All folk songs

were very rhythmic and energy booster for us. Our fellow student Mubeena Department of Social Science got an opportunity to perform with the band. The raw, uninhibited way of singing the rustic charm of the lyrics, indigenous instruments and the astonishing variety made it quite an experience both for ears and eyes. We all enjoyed the session by dancing with our friends and teachers. Camp fire arranged during the same day also ignited an air of entertainment.
