**S. S. B.Ed, Training College,**  
**Alathur (PO), Palakkad-678**  
**Kerala - 678 561.**

### Suggestions for improvement

Offline classes are the best and more exposure needed for student teachers.....

More technology should include in B.Ed curriculum.

**Adopt new innovative activities**

Include current affairs

**Adopt new technology**

**Adapt technological improvement in the classroom**

**Providing Digital classrooms will be effective for communication**

The depth of the syllabus of the courses in relation to the current global scenarios is inadequate. Less flexibility in choosing the electives in relation to technology advancements.

Allocate time for Library and lab

Allocate more time for lab and library

Improvement in the Communication skill

To acquire unique talents, interests, and skills. To identify innate unique skills and modify it.

Include more classroom experience

More internship experiences needed

Stress Management among students must be considered

Need more time

Create classroom library

Give more opportunities for school management and teaching.

Excellent no suggestion

Everything is good

In our curriculum, there is a lot of record work. It can be reduced and **add more ICT skills**. That will be more helpful to get more knowledge about ICT.

The curriculum should be appropriate for development and should consider the need of learners.

Avoid the repetition of content in various semesters

Turn long-term goals into short-term plans

Allow more time for physical education

Need more classroom facilities

**Prioritize using new technology**

Understand student's problems

Everything was excellent
