Report of Activities in 2017-2018

1. Organizing learning (Lesson plan)

The institution provided the students an opportunity for organizing learning through microteaching, preparing discussion lesson plans, workshop on preparation of teaching learning materials, content analysis. These activities help the students to develop their teaching competencies and organization of lesson plans

2 Developing teaching competencies

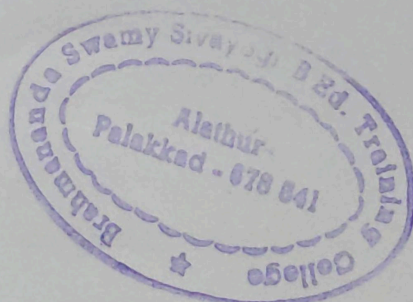

For the development of the teaching competencies college has carried out Microteaching, criticism class, initiatory school experience, demonstration classes, internship programme on teaching practice etc. Students have improved their teaching skill and competency through such activities.

3 Assessment of Learning

Workshop on Construction of Achievement test and Diagnostic test were conducted by college to make the learners able to assess the students' learning. During internship students have implemented Achievement test and Diagnostic Test

4 Technology use and integration

The students were provided both the theoretical and practical classes to create blog, PPTs , E – magazine, mobile learning, recording and editing videos, Google forms etc. College provides the facilities of ICT lab

5 Organizing field visits

The institution provided various field visits to provide students a better learning experience. It includes College tour, School visit, field visit etc. The students have visited an educational institution which has history of over 50 years.

6 Conducting outreach or out of classroom activities

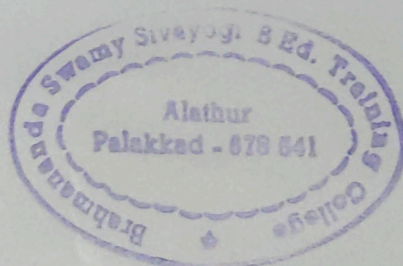

Learning should not be confined within the four walls of a classroom; it can be achieved even through outside activities. Institution provided various outreach activities to discover new ideas. Students performed a rally on Pulwama attack.

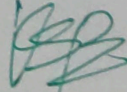

7 Community Engagement

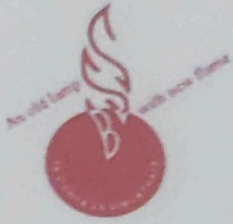

"Alone we can do so little, together we can do so much". Community living Camp were arranged to provide the students to learn teamwork, how to behave socially, live together with a sense of community. As a token of charity, students and teachers have collected money for various activities like building a dream house for the homeless, to cure a person's ailment. One of our students donated her hair for the cancer patients.

8 Facilitating Inclusive Education

The institution provided the students to know about the inclusive education through theoretical classes, classroom discussions, talks by special educators from schools, BRC and general educators. Students were empowered with an in-depth knowledge of inclusive education, its challenges, role of teacher, various government policies and scholarships provided for them.

5 Organizing field visits

The institution provided various field visits to provide students a better learning experience. It includes College tour, School visit, field visit etc. The students have visited an educational institution which has history of over 50 years. To know more about the ICDS scheme our college gave an opportunity to our students to *visit anganwadi* near by their locality.

6 Conducting outreach or out of classroom activities

Learning should not be confined within the four walls of a classroom; it can be achieved even through outside activities. Institution provided various outreach activities to discover new ideas.. We motivate the children to work for needy people. All teachers and students worked together for “ Karunya viplavam” to collect money for kidney transplantation and cancer treatment and “ Patheyam” to provide lunch for poor and needy people.

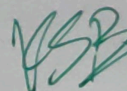

7 Community Engagement

“Alone we can do so little, together we can do so much”. Community living Camp were arranged to provide the students to learn teamwork, how to behave socially, live together with a sense of community.
